PRESS RELEASE

Texmaco Rail & Engineering Ltd. Secures ₹140.55 Crore Order from the Ministry of Railways for Multi-Purpose Wagons; Total Order Book Value ₹7115 Crore

Advancing India's Rail Freight Infrastructure with Cutting-Edge Solutions

Multi-purpose wagons are used in a wide variety of settings, including agriculture, defence, and transportation

Kolkata, India, May 29, 2025: Texmaco Rail & Engineering Ltd., a leading name in India's railway infrastructure sector, has secured a significant order from the Ministry of Railways (Railway Board) for the supply of Flat Multi-Purpose (FMP) wagons. This milestone aligns with the Government of India's ongoing efforts to modernize and enhance railway freight operations, reinforcing Texmaco's role in shaping India's logistics future.

The newly developed FMP wagon represents a breakthrough in rail freight technology. Designed to serve multiple industries, these advanced wagons facilitate seamless movement of steel coils, containers, military vehicles, and Roll-on/Roll-off (RoRo) freight operations, offering unmatched flexibility and efficiency in cargo transport.

Mr. Indrajit Mookerjee, Vice Chairman and Executive Director of Texmaco Rail & Engineering Ltd., highlighted, "We sincerely appreciate the Ministry of Railways for their continued trust in Texmaco. This latest order is a testament to India's commitment to modernizing its railway fleet with next-generation freight solutions. With these versatile wagons, Texmaco is proud to contribute to the nation's transportation infrastructure and economic progress."

Texmaco's cumulative order book now stands at **₹ 7115 crores**, reflecting its steady growth and continued trust from key stakeholders in the industry.

The **Flat Multi-Purpose Wagon (FMP)** addresses the growing demands of modern freight transportation, providing **enhanced operational efficiency and adaptability**. Optimized to serve diverse sectors, these wagons are equipped to transport:

- **ISO containers** (either one 40-foot or two 20-foot containers), expanding India's cargo-handling capabilities.
- **Loaded or empty trucks using Roll-on/Roll-off (RoRo) methods**, significantly improving freight movement efficiency.

- **Military vehicles, ensuring secure, rapid defence logistics.**

Mr. Sudipta Mukherjee, Managing Director of Texmaco Rail & Engineering Ltd., emphasized, "Texmaco remains dedicated to providing state-of-the-art railway solutions that enhance connectivity and streamline cargo movement across critical sectors such as defence, steel, and container logistics. As India continues its modernization drive, we are honoured to play a pivotal role in advancing railway freight capabilities."

Texmaco Rail & Engineering Ltd. remains committed to providing sustainable, high-efficiency railway solutions that strengthen India's logistics network and support its economic and industrial growth.

By introducing this trailblazing wagon, Texmaco Rail & Engineering Ltd. is not only strengthening India's railway infrastructure but also championing sustainability, aligning with the nation's commitment to eco-friendly, multi-modal transport solutions. The FMP wagon's integrated logistics capabilities will create stronger inter-sector connectivity, facilitating swifter, cost-effective freight movement across India.

About Texmaco Rail & Engineering Limited:

Texmaco Rail & Engineering Limited (TEXMACO) is a listed company and part of the Adventz Group. Texmaco is a key player in the railway and infrastructure sector. It operates across three business segments: Freight Cars, infra – Rail & Green Energy, and Infra – Electrical. Texmaco is headquartered in Kolkata and boasts seven manufacturing facilities in West Bengal, Gujarat, and Chhattisgarh.

Specialising in rolling stock, loco components, hydro-mechanical equipment, rail infra, bridges, and steel structures, Texmaco manufactures freight cars for Indian Railways, private sector clients, and export markets. With strategic joint ventures with global leaders like Wabtec and Touax, Texmaco enhances its market reach. As a significant exporter, Texmaco contributes to the 'Atmanirbhar Bharat' initiative, reinforcing India's position in global railway manufacturing.
